

21 NOVEMBER 2021

**ADVISORY: VISITING GUIDELINES**

In line with the Ministry of Health's guidelines on precautionary measures, Changi General Hospital has revised its visiting guidelines.

From **22 November**, **fully vaccinated patients and patients who are able to produce acceptable proof of medical ineligibility for vaccination** in the inpatient wards may pre-register **2 visitors who are fully vaccinated or able to produce acceptable proof of medical ineligibility for vaccination** to visit them for the duration of their admission, with **1** visitor in the ward at any one time during visiting hours. Each patient can receive up to **2** visits each day. This is **dependent on vaccination status**, and can be reviewed for specific groups of patients on a case-by-case basis. For critically ill patients, up to 5 pre-registered visitors are allowed, with 2 visitors at the patient's bedside at any one time.

Patients are to remain in their wards. Please keep your visit to **30 minutes**. All visitors must wear **a mask with good filtration capability at all times** and **produce a valid\* negative COVID-19 test result** obtained within the last 24 hours. Please practise **good hand hygiene prior to entry** and **safe distancing** in the wards. Visitors will **not be allowed to eat or drink** within the inpatient wards. Please **refrain from using patients' toilets** in the wards and **avoid sitting on patients' beds**. We seek your understanding that these are measures to keep you and your loved ones safe, and apologise for any inconvenience caused.

Please fill in the details of your pre-registered visitors at the bottom of this advisory. We would like to assure you that the information will be kept Private & Confidential. Thank you very much for your cooperation.

*\*Self-paid Antigen Rapid Test (ART) self-administered or supervised by MOH-approved providers (including Quick Test Centres) depending on vaccination status.*
