

24 SEPTEMBER 2021

ADVISORY: VISITING GUIDELINES

In line with the Ministry of Health's guidance on precautionary measures, Changi General Hospital (CGH) has revised its visiting guidelines.

From **24 September 2021 to 23 October 2021**, **no visitors** will be allowed in the inpatient wards. This can be reviewed for specific groups of patients. Patients who require additional care support from caregivers may be allowed 1 pre-registered visitor and 1 visit per day. For critically ill patients, up to 5 pre-registered visitors are allowed, with 2 visitors at the patient's bedside at any one time.

Patients are to remain in their wards. Please keep your visit to **30 minutes**. All visitors must wear **a mask with good filtration capability at all times** and **produce a valid* negative COVID-19 test result** obtained within the last 24 hours. Please practise **good hand hygiene prior to entry** and **safe distancing** in the wards. Visitors will **not be allowed to eat or drink** within the inpatient wards. Please **refrain from using patients' toilets** in the wards and **avoid sitting on patients' beds**. We seek your understanding that these are measures to keep you and your loved ones safe, and apologise for any inconvenience caused.

Please fill in the details of your pre-registered visitors at the bottom of this advisory. We would like to assure you that the information will be kept Private & Confidential.

Thank you very much for your cooperation.

**Self-paid Antigen Rapid Test (ART) or Polymerase Chain Reaction (PCR) test administered or supervised by MOH-approved providers (including Quick Test Centres).*
