

28 DECEMBER 2020

ADVISORY: PHASE 3 RE-OPENING VISITING GUIDELINES

Following the Ministry of Health’s advice on hospital visitors for Phase 3 of Re-opening, Changi General Hospital has revised its visiting guidelines to minimise the risk of infection.

From **28 December 2020**, each patient may pre-register up to **8** visitors to visit them. Only **2** visitors will be allowed in the general ward at any one time during visiting hours. All visitors must wear at least a reusable mask, practise good hand hygiene prior to entry, and practise safe distancing in the ward.

Patients should refrain from leaving the ward to meet their relatives and friends. We seek your understanding that these are measures to keep your loved one safe, and apologise for any inconvenience caused.

Please fill in the details of your **8** pre-registered visitors at the bottom of this advisory. We would like to assure you that the information will be kept Private & Confidential.

Thank you very much for your cooperation.

PATIENT’S NAME: _____ **WARD:** _____ **BED:** _____

PARTICULARS OF PRE-REGISTERED VISITORS:

Name	NRIC	HP Number
