FACULTY (UPDATED)

Guest Operators and Speakers

Yuji HAMAZAKI *Japan*

Arun KALYANASUNDARAM *India*

Masahiko OCHIAI *Japan*

Etsuo TSUCHIKANE *Japan*

Yasumi IGARASHI *Japan*

Muhammad MUNAWAR *Indonesia*

ZHANG Bin *China*

Guest Faculty

Charles CHAN *Singapore*

Eric ECKHOUT *Switzerland*

GOH Yew Seong *Singapore*

Muhamad Ali Bin SK Abdul KADER
Malaysia

Wirash KEHASUKCHAROEN
Thailand

LEOW Khang Leng *Singapore*

Adrian LOW *Singapore*

Paul ONG *Singapore*

Asri Ranga Abdullah RAMIAH *Malaysia*

Sodiqur RIFQI *Indonesia*

Sunarya SOERIANATA *Indonesia*

TAN Chong Hiok *Singapore*

Teguh SANTOSO *Indonesia*

Ramesh Singh Arjan SINGH *Malaysia*

VU Hoang Vu *Vietnam*

Wasan UDAYACHALERM *Thailand*

PROGRAMME HIGHLIGHTS

- Live demonstrations transmitted from National Heart Centre Singapore Cardiac Catheterisation Laboratories
- Moderated case presentation sessions
- Antegrade technique: Guidewire and catheter selection and manipulation techniques
- Retrograde approach: CART and reverse CART techniques
- Tips and tricks for successful retrograde approach
- Techniques for crossing the 'uncrossable' lesion after wire crossing
- Managing complications of CTO interventions

PROGRAMME

12 October 2018, Friday

0800 Registration

- 0825
- ◆ Welcome Address
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ Guidewire selection for retrograde approach
 - For Reverse CART
 - Collateral crossing
 - ◆ Choice of guidewires to make the retrograde connection
 - ◆ Concurrent CTO LIVE demonstrations from National Heart Centre Singapore (Cont'd)
 - ◆ Panel Discussion
-

1020 Tea break at exhibition

- 1040
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ My teaching CTO case
 - ◆ Application of hybrid algorithm to my CTO practice
 - ◆ My teaching CTO case
 - ◆ Keynote Lecture: Review of CTO guidewires
 - ◆ Panel Discussion
-

1255 Lunch at exhibition

- 1350
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ IVUS-guided wiring
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ Moderated case forum
-

1555 Tea break at exhibition

- 1615
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ My teaching CTO case
 - ◆ Panel Discussion
-

1800 End

13 October 2018, Saturday

- 0830
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ Guidewire selection for antegrade approach
 - ◆ Update on retrograde approach to CTO techniques
 - ◆ Critique of latest CTO trials
 - ◆ Embolisation techniques
 - Coil
 - With gel-foam
 - With fat pad
 - ◆ Panel Discussion
-

1040 Tea break at exhibition

- 1100
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ Techniques and indications for knuckle wiring in CTO PCI
 - ◆ My teaching CTO Case
 - ◆ What happened if...
 - 1) You cannot make the retrograde connection
 - 2) You cannot externalise the retrograde guidewire
 - 3) Your Corsair cannot cross the collateral
 - ◆ How to deal with a flush occlusion arising from a major side branch
 - ◆ Panel Discussion
-

1300 Lunch at exhibition

- 1350
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ Anchoring and backup techniques to cross CTO lesions
 - ◆ My teaching CTO case
 - ◆ My teaching CTO case
 - ◆ Panel Discussion
 - ◆ Moderated CTO Case Forum Prize Presentation
-

1555 Tea break at exhibition

- 1615
- ◆ CTO LIVE demonstrations from National Heart Centre Singapore
 - ◆ My teaching CTO case
 - ◆ My teaching CTO case
 - ◆ My teaching CTO case
 - ◆ Panel Discussion
-

1810 End
